## Cortec® VpCI® Super Penetrant Featured in April Issue of Pollution Equipment News!

### Corrosion Protection

VpCI® Super Penetrant loosens frozen parts and provides corrosion protection. It allows the user to go through as much as .5" (13 mm) of rust in 30 minutes. The product breaks through deep rust, displaces moisture and forms an ultra-thin film that offers long term protection from corrosion. The formulation protects ferrous metals, galvanized steel, aluminum, brass, copper, babbitt, zinc, cadmium, and silver. — **Cortec Corporation,**
