

NEWS ALERT

Aloha From Cortec®!

On July 20th, Cortec® celebrated in true luau fashion at its annual Cortec® family picnic. The summer fun was in full swing with record breaking attendance of over 200 employees and guests including 80 children. This year's event took place at a recreational water park located in Taylors Falls, Minnesota.

Corporate events such as the summer picnic highlight Cortec's commitment to employee engagement and team building. Employees have the opportunity to socialize with colleagues from all four U.S. plants that they typically do not see on a daily basis. Cortec® also uses this time to present service awards as well as recognize employee of the year for each U.S. facility.

Cortec® appreciates and recognizes the work that is done by every employee. We are grateful for the attendance and participation at this year's event. We look forward to seeing you all together next year.
