

NEWS ALERT

Cortec® "Hit the Jackpot" at the 2011 World Sales Meeting

Thank you to everyone who attended Cortec's 22nd World Sales Meeting held September 22-23; it was a huge success! At Cortec®, we feel so honored to have so many attendees, both familiar and new, who were able to attend. We broke our record with attendees from 52 countries!

The meeting kicked off with a presentation by Cortec's President/CEO Boris Miksic followed by 40 seminars spanning two days. Harry Muramatsu, of Cortec® Japan, extended heartfelt thanks on behalf of the Japanese people for Cortec's efforts and aid in response to this year's tsunami.

Our distributors continue to meet and break sales records every year! The award for top distributor for our last fiscal year went to Epic Materials out of Detroit, Michigan; followed very closely by Corpac GmbH, Interface Technologies, Universal Corrosion Technologies, and Flex Pac. Joe Louisell of Epic Materials said that winning the top distributor award was a great honor and thanked Cortec® and its sales staff. The two awards for customer service went to Mark Richler of Corrx and Michael Jang of Cortec® Korea. Thanks to all of our sales staff and distributors for helping to make Cortec® a global leader.

A link to this year's photos will be provided on the Cortec® website very soon.

A heartfelt thank you to the amazing Cortec® Team that helped to make this the best Cortec® World Sales Meeting ever! And remember, VIVA CORTEC®!!
