### **PRESS RELEASE**

## **Cortec's VpCI®-428: Powerful Punch Against Aluminum Oxides And More!**

VpCI®-428, Cortec's new industrial strength concentrate liquid is designed to remove oxides and scale from aluminum while brightening and preventing future oxidation with Cortec's patented VpCI® technology. This product has been developed to be an improvement over the safety of traditional aluminum brighteners, yet still be powerful enough to remove oxidation, calcium, lime scale and silicate deposits, road film, grime, algae, scum, and water line stains.

### **TYPICAL APPLICATIONS**

- Aluminum Trucks
- Locomotives
- Aluminum Pontoon/Boats
- Wheels
- Building Restoration
- Trailers
- Parts
- Tanks

This non-toxic, biodegradable, environmentally friendly formula is easy to use and works fast; the dwell time of VpCI®-428 for cleaning ranges from a few seconds to five minutes depending on the severity of oxidation/scaling. VpCI®-428 can be used from 10% concentrate in water for many applications to 100% concentrate for specialized de-scaling or tub and tile cleaning. It will not frost or etch glass.
